

CONDUCTIVE GROUP – BUSINESS OVERVIEW

The Conductive Group invents, develops, manufactures, and integrates unique multifunctional shielding composite solutions

MISSION: To bring electromagnetic shielding solutions from mind to market through innovative, deployable technologies.

TECHNOLOGIES: Our technologies enable newer materials systems (such as composites, plastics, papers, paints, etc) with game-changing electromagnetic properties. Through our business units, we offer end-to-end solutions, from fundamental research to manufacturing and deployment.

VALUES: Our Core Values are People, Patriotism, and Performance: People are the reason we are a vibrant company, Patriotism is our compass, and Performance drives us to provide the highest value to our customers.

GOAL: The Conductive Group has proven many viable technologies and entered a new phase of company growth. We are actively seeking new customers, programs, prime contractor relationships, and channel partners.

CONDUCTIVE COMPOSITES
www.conductivecomposites.com

PRODUCTS AND SERVICES:

- Multifunctional composite materials & technologies
- Proprietary CVD coating process
- Development & manufacturing

COMPETITIVE ADVANTAGE:

- Combined properties of papers, plastics, resins, composites, etc with conductivity of metal in a single materials system.
- Lightweight, high conductivity, high strength, easily inserted, naturally corrosion resistant.

FARADAY CASES
www.faradaycases.com

PRODUCTS AND SERVICES:

- Plastic injection molded and composite laminate cases for sensitive electronics shielding
- Operational and storage solutions in standard form factors

COMPETITIVE ADVANTAGE:

- Traditional approaches use heavy and expensive metal enclosures.
- Faraday Cases provide physical and electromagnetic protection at up to 80% less weight.
- Naturally corrosion resistant composite materials.

FARADAY STRUCTURES
www.faradaystructures.com

PRODUCTS AND SERVICES:

- Fixed base, modular, and mobile solutions for shielded spaces.
- End-to-end solutions, including assessments, engineering, installation, & service.

COMPETITIVE ADVANTAGE:

- Shielding paints, wallpapers, window screens, and sealants are integrated "built in" solutions.
- Meets need for high performance, cost effective, and rapidly deployable shielding solutions.

KEY CUSTOMERS & PROGRAMS

- AFRL SBIR
- USMC SBIR
- CRP (3x Ph II)
- DAC
- DPA Title III
- RIF (AMRDEC)
- OGA's (multiple)
- Rated programs

COMPANY INFO:

Main Offices: Heber City, UT 84032
Case Manufacturing Facility: Heber City, UT 84032
Materials Manufacturing Facility: Cleveland, UT 84518
