Company Overview

Gain an *Information Advantage™* – and a competitive edge.

Rite-Solutions™ designs, develops, and deploys mission-critical software solutions and systems to help you convert complex data into valuable intelligence. You gain a sustainable, competitive edge – an *Information Advantage™* that empowers your organization to:

- Access enterprise-wide information anytime, anywhere via an open and integrated systems architecture

- Transform data into actionable solutions via data fusion and intuitive displays that aid decision-making

- Ensure your personnel have essential knowledge and key skills through simulation and training tools

Our difference: the Rite–Way approach.

As a trusted partner in mission-critical software and systems engineering, Rite-Solutions combines the innovation and agility of smaller firms with the technical expertise and discipline that larger organizations are known for. Our unique Rite-Way approach gives you what you need when you need it, and meets or exceeds your expectations for performance across five key criteria:

Value

With no organizational silos or layers, we get your solutions to market fast and cost-effectively.

Reliability

As a CMMI Level 3-certified organization, we maintain the highest standards for technical rigor and disciplined processes, ensuring exceptional quality in design, development, and documentation.

Experience

Our tight-knit team of accomplished scientists, technologists, and engineers has almost 90 years' combined industry experience, with over two dozen certifications in software design, programming, security, and project management.

Speed

We are agile, flexible, collaborative, and lean. That means we move quickly and deliver on time, if not ahead of schedule.

Innovation

We develop game-changing, innovative solutions, nurtured by our award-winning culture of collaboration, creativity, and enthusiasm.

# Our areas of expertise help you achieve an *Information Advantage™*

From a Command Decision Support System for the US Navy to an integrated content management system for a global healthcare enterprise, Rite-Solutions has helped its clients achieve the *Information Advantage™* and a competitive edge. Combining small-business agility and CMMI Level 3 discipline, we develop innovative, reliable and affordable solutions in seven primary areas of expertise:

- Military-Grade Software Development
- Undersea Warfare Systems Solutions
- IT Infrastructure Management and Cyber-Security Services
- Learning and Employee Performance Solutions

- Innovation and Employee Engagement Platforms
- Structured Content Management Solutions
- Custom Engineered Software and Systems

Access our expertise from project launch to end-of-life.

We take a holistic view of your project, whether we are involved start-to-finish or just one phase. We design, develop, and deploy solutions that maximize performance, optimize maintenance, and minimize total cost of ownership (TCO).

Project Lifecycle
