# AMA
Advanced Mathematics Applications

Deep technical expertise focused on solving challenging National problems

AMA specializes in delivering usable, mathematically rigorous solutions

Core expertise:

- Probabilistic Inference
- Cognitive Sensing
- Dynamic Optimization and Resource Allocation
- Search, Detection and Tracking
- Sensor Data Fusion and Integration
- Advanced Signal Processing
- Physics Based Modeling
- Mission Planning and Search Planning
- Rapid Software Development
- Naval/Maritime Operations Analysis, Modeling and Simulation
- Activity and Anomaly Detection
- Software Engineering and Integration
- Testing, Experimentation and Operation

http://www.metsci.com/Division/Advanced-Mathematics-Applications
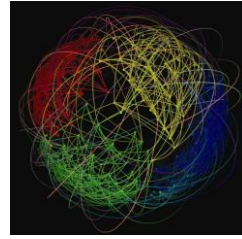

AMA's high-caliber scientists and engineers embody major systems innovation, providing proven, tailored and efficient solutions for commercial and government clients.

Dr. Bob Zarnich
Vice President
1818 Library St.
Suite 600
Reston, VA 20190

METRON
SCIENTIFIC SOLUTIONS

http://www.metsci.com

Metron Inc. solves challenging problems through the development and application of advanced mathematics, science and engineering.

Metron Divisions	
AMA	**OASiS**
o Probabilistic Inference o Cognitive Sensing o Tracking and Data Fusion o Advanced Signal Processing o Search and Mission Planning o Rapid Software Development	o Naval Simulation System o Cognitive Modeling o Coast Guard Measures of Effectiveness Simulation o Mobile Application for Search & Rescue
ORCA	**CETUS**
o Executable Architecture Management System o Cyber Security Simulation o Informing Decisions via Mathematical Modeling and Optimization	o Unmanned Systems Design, Prototyping and Experimentation o Vehicle Customization and Integration o Modeling and Simulation o Operations Analysis

ADA
o Activity and Anomaly Detection o Video-based Tracking and Exploitation o Machine Learning and Risk Assessment o Trend Analysis o Network Analysis

APPLIED MATHEMATICS ○ PHYSICAL MODELING

SYSTEMS ANALYSIS ○ SIMULATION SCIENCE

ADAPTIVE AUTONOMY ○ UNMANNED SYSTEMS

ADVANCED DATA ANALYTICS
