

Dynamic Dimension Technologies

Innovations Bridging the Simulation to Reality Gap made Accessible to All

VxSIM™

Save Time and Money on Experimentation and Testing
Verify Key Performance Parameters Earlier in Life Cycle

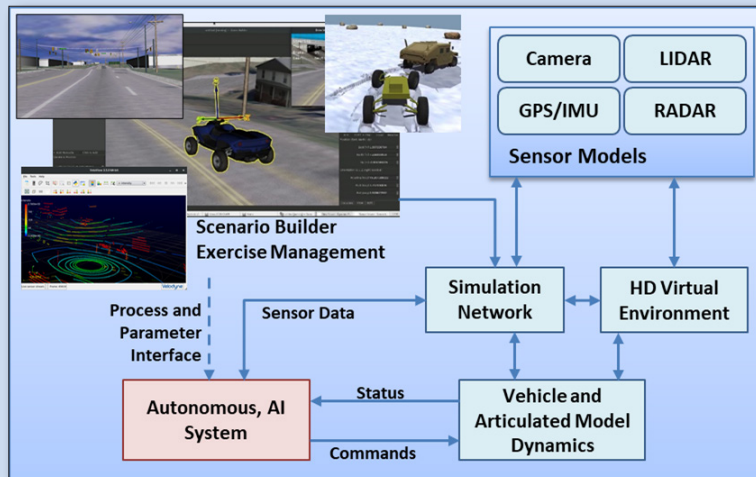

Physics-Based Models and Complex Dynamics

3D High-Definition Virtual Scenes

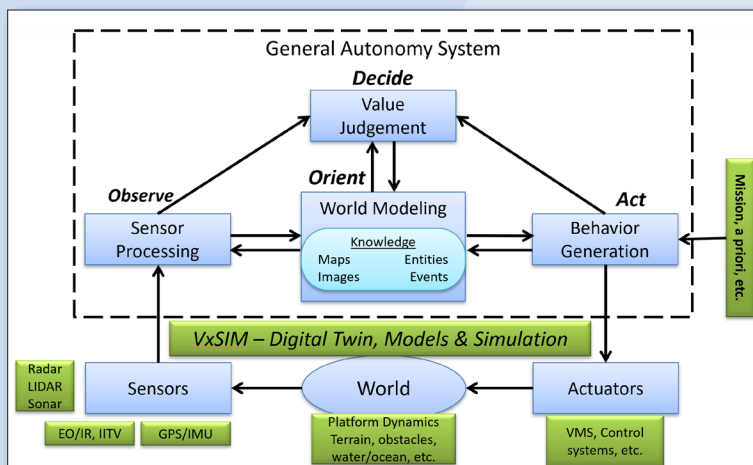

Runs local, from AWS Cloud or Hybrid mode

Systems-in-the-Loop

Simulation-as-a-Service

VxSIM - Virtual Exercise Framework

Real-Time simulation testing

Contact Karl Leodler at kloedler@dynamicdimensiontechnologies.com or (703) 963-2204
www.dynamicdimensiontechnologies.com

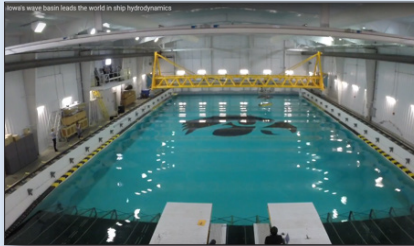

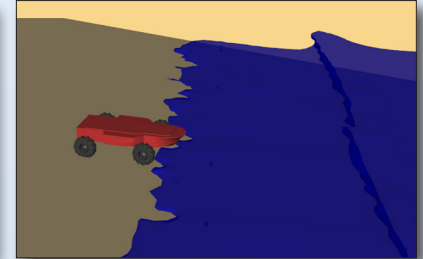

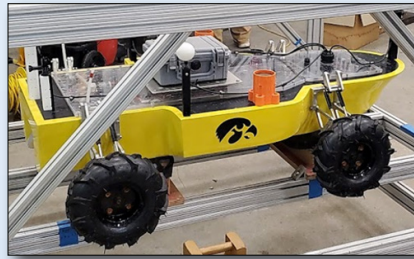

When Accuracy Counts

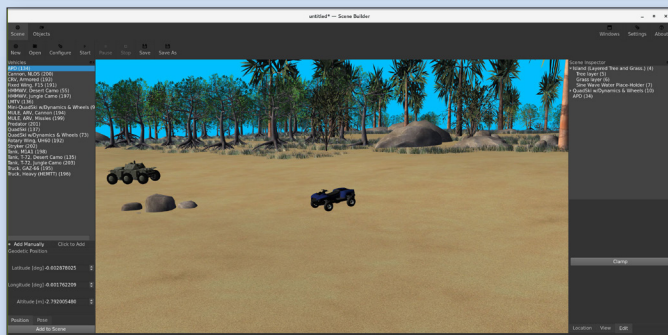

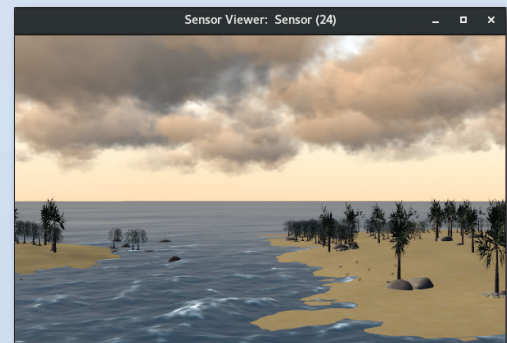

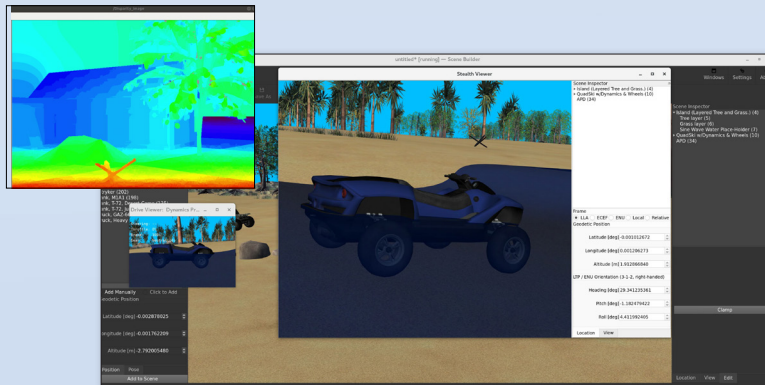

Validation Testing for Simulation to Reality Comparison

Real World HD Mapping for Simulation

Built to Scale

Digital Twin Technologies Ready for Integration and Autonomy Employment

Simulation of off-road vehicle tested for accuracy
